VIROINIANS CAPTURE HONORS IN NEBRASKA

Travelers' Protective Association Delegation Wins Honorable Mention in Parade.

GIVE VIRGINIA HAM DINNER

Mayor James Dahlman, of Omaha; Congressman Lobeck and Many Others Entertained—State President Rogers at Head of Delegation.

Reports from Omaha, Neb., indicate that the Virginia delegation at the Travelers' Protective Association convention in that city has captured Omaha and the hearts of hundreds of the delegates. They are having the times of their lives, entertaining and being entertained.

As a matter of fact, so the reports say, the delegation was entitled to first prize in the parade, but was barred by a peculiarity of the rules. However, the Omaha executive committee presented the Virginians with a handsome basket of flowers and the judges accorded them honorable mention.

GINTER PARK WOMEN TO GIVE LAWN FETE

Afternoon and Evening Affair to Be Held on Campus of Union Theological Seminary.

The lawn fete given annually by the Ginter Park Woman's Club, which is always one of the events of the season and eagerly anticipated by young and old alike, is to take place Tuesday, on the shady campus of Union Theological Seminary, this afternoon and evening.

The afternoon will be full of "stunts" planned especially for the amusement of the children. These include, beside the usual grab-bag and every possible delight for the palate, the added attraction of a class of girls decorated doll baby carriages for the girls and decorated bicycles for the boys. The most beautifully decorated bicycle and baby carriage are to receive handsome prizes. In addition to this, an attraction of the afternoon will be a series of beautiful fancy dances by the little Misses Wight, of Ginter Park.

The evening is for the grown-ups, and many of them are already planning to make the most of it. An orchestra will play, and a class of girls from the Y. W. C. A. will give delightful folk dances in costume—a feature always especially attractive when given out of doors.

The giving of this lawn fete by the Ginter Park Woman's Club has been for several years quite a feature of the social season. The receipts, which always amount to several hundred dollars, have previously gone to Pine Camp, but will go this year, in part, at least, to the Sheltering Arms Hospital. It has not yet been definitely decided what will be done with the rest, but it is thought probable that it will be used to start a fund to erect an ornamental gate at the entrance to Ginter Park, as a memorial to Major Lewis Ginter.

Mrs. John Garland Pollard is president of the club and Mrs. Lewis D. Aylett, general chairman of the lawn fete committee. The following are members of the committee: Mrs. R. R. Curry, Mrs. F. H. Beadles, Mrs. S. H. Wilkerson, Mrs. Edwin C. Ryals, Mrs. Cecil Garlick, Mrs. A. E. Chapman, Mrs. E. W. Wilson, Mrs. Lawton Crutchfield, Mrs. Thomas Ruffin, Mrs. Earl Miller, Mrs. E. C. Wright, Mrs. R. W. Stevens, Mrs. Vance Terrell.

Fire Board to Meet. The regular monthly meeting of the Board of Fire Commissioners is called for to-morrow night at 8 o'clock. The board has before it only matters of a routine nature for consideration.

\$1,635,000 Hidden In This Year's Goodyear Tires

Not an Excuse

Let us first explain that this is not an excuse for over-price. Our this year's price reduction—made February 1st—will save Goodyear users about five million dollars this year.

And that was our third reduction in two years, totaling 45 per cent. Our matchless output gives you in Goodyears a value never before known in tires.

Goodyear Extras

Goodyear Fortified Tires have five costly features found in no other tire. They combat your five major troubles in better ways than anyone else attempts.

These tires, in addition, have other features not commonly employed.

If we omitted those extras, this year's probable output would cost us \$1,635,000 less. That is, we could add to our profits about \$5450 per day.

Most of these extras are hidden. Tires that

lack them look as strong as Goodyears. And you would never know it, save by months of use, if we left them out.

\$500,000 Added

This year's improvements—just our latest additions—cost us \$500,000 yearly. Most of it goes into extra rubber—all into extra wear.

And this much is added—this half million dollars—at a time when we save users five million dollars in price. At a time when some makers are skipping to meet competition.

Then our Research Department—to find more betterments still—will cost us \$100,000.

Yours for the Asking

These extras are yours for the asking. Tires without them will be offered so long as you will buy them. But any dealer, if you ask him, will supply you Goodyear tires.

Goodyear has for years outsold any other tire. It is gaining new users faster than we can supply them. And those extras did it.
